ING FORCE TO SUPPRESS REVOLT

Six Hundred Men Join the Coahuila Rebellion—Francisco Villa Joins Sonora Rebels—General Angeles Charged With Unwarranted Execution of Garduna During Fighting in Capital

Mexico City, March 1.—A request to the people of the United States to extend all possible aid and encouragement to the Mexican people in their efforts to establish good government is contained in resolutions published by the American colony in Mexico City today.

The Americans held a mass meeting last night. Speakers deprecated the publications in the United States which misrepresent the Mexican people. Statements that during the street fighting Americans sought refuge under the British flag also were denounced.

Ambassador Wilson Praised.

American Ambassador Wilson was praised by the conference for "noble and patriotic actions."

With an additional force General Aubert will have practically 5000 men in his column and should have little difficulty in suppressing the revolt in southern Mexico. Carranza is supposed to command only 2000 men.

Coahuila Rebellion Growing. Alberto Guajardo, a commander of irregulars and a close friend of Carranza, has joined the Coahuila rebellion. He occupies, with 600 men, the mining camps of Las Esperanzas, Musquiz and Abuelo.

Francisco Villa, who has re-entered Mexico, is thought to have joined former Governor Maytorena of the state of Sonora, who is in possession of Agua Prieta, Nacozari and Fronteras, on the border.

Official reports state that 3500 rebels have surrendered in the states of Puebla and Vera Cruz, 1900 in the state of Mexico and a number of small detachments in many of the other states.

Roads to Open Line. The management of the National Railways expects to open the line to Juarez soon. Repairs will be necessary at Escalon and Rodriguez.

General Felipe Angeles, who was this week appointed military attaché to Belgium, was today formally charged with the unwarranted execution of Miguel Garduna during the fighting in the capital.

Garduna's uncle is governor of the state of Mexico. Although government troops have taken possession of the city of Agua Calientes, Governor Fuentes D has made his escape to the hills with a small following. He took all the available state funds with him.

BANK RESERVES SHOW INCREASE

Washington, Mar. 1.—Reserves of the 7425 national banks showed a material improvement on February 4, as compared with the stringent period of November, but were not as great, however, as in February of last year, according to returns to the controller of the currency.

CAPT. BROWN IS CALLED BY DEATH

Following an illness of two months, of kidney and stomach trouble, Charles Canfield Brown, a pioneer resident of Ogden and for 16 years a police officer, died at his home at 216 Madison avenue, and Twenty-sixth street at 11 o'clock this morning. Although Mr. Brown had been seriously ill for several days, his death came as a great shock to his numerous friends who knew him as Captain Brown.

Captain Brown is survived by his wife, Armetta Leavitt Brown, and four children, Clara A. Brown, Mrs. Charlotte C. Decker, Charles C. Brown and Grant C. Brown. In addition he is survived by three grandchildren and seven brothers and sisters.

At the time of his death the members of the family were at his bedside and also Thomas E. Browning, former chief of police, who was a life-long friend.

The body was removed to the undertaking establishment of Lark & Sons, where it will be held pending funeral arrangements.

Because of the wide acquaintance of Captain Brown and his active work in church affairs the funeral probably will be held in the Tabernacle.

Charles C. Brown was born in Ossian, Allegany county, N. Y., February 15, 1852. He was the son of Francis A. and Elizabeth Canfield Brown.

While still a boy he was baptised a member of the Latter-day Saints and soon after came to Ogden, where he had since resided, with the exception of the years spent in missionary work for his church. His mission was to the southern states and he returned to his home after filling the mission with credit to himself and the church in October of 1882.

During the years that David Eccles was mayor of Ogden Mr. Brown was a member of the city council from his ward and he was on the building committee at the time the city hall was erected.

In 1884 he did his first police duty, but it was not until 1897 that he became a regular patrolman. He continued as a patrolman until January 21, 1902, when he was promoted to the position of captain of police, which position he filled until the time of his death.

His interest in church work began soon after his arrival in Utah. He was the first president of the religious class of the Fifth ward and was set apart as a counselor of the bishopric of the ward during the time Bishop Thomas C. Stevens presided, and that position was held until the death of Bishop Stevens. At the time of his death he was the first counselor in the presidency of the high priests' quorum of Weber stake.

Immediately upon hearing of the death of Captain Brown, Chief of Police W. L. Norton sent the following letter to the widow:

"Mrs. C. C. Brown—Dear Mrs. Brown and Family—There is anything myself or the police department can do for you in this hour of bereavement, you have only to make it known.

"We truly sympathize with you in your irreparable loss and beg to remain your true friends.

"Sincerely, (Signed) W. L. Norton, Chief of Police."

BODY TAKEN FROM RUINS

Little Left of Woman Burned in Denver Hotel Holocaust

Omaha, Mar. 1.—An all-night vigil during which an extra squad of police fought for six hours against a body of Greek troops near the ruins of the Dewey hotel. Although it is believed a score of victims in the flames, only four thus far have been accounted for. Three of these lost their lives attempting to escape and one was taken from the ruins during the night. The one body thus far uncovered was that of a woman, believed to be that of Miss Alice Bonnevise, sister of the wife of the hotel proprietor. The body was taken from the ruins early this morning, burned beyond recognition. An ear-ring with a ruby setting was the only identifying mark.

One hundred men working with picks and shovels today continued efforts to uncover remaining bodies, many of which were believed yet to be buried in the ruins.

Omaha, Neb., March 1.—The first body taken from the Dewey hotel fire, which claimed possibly a score of victims, was removed by the rescuers at 4 o'clock this morning. It was that of a woman with dark hair. Her hair and a gold ear ring, with a ruby setting, were all that might be used to identify the body.

Within a few feet of the body, however, was found a letter addressed to Miss Florence E. Wilcox. It was dated Harlan, Ia., February 5, and signed "Lovingly, Mama." A return note on the envelope gave the address "Herbert McConnell, 47 Main street, Harlan, Ia."

Little was left intact of the body except the torso. It was found head down. The face had been burned to a crisp and the limbs were almost burned off. One arm was entirely gone and the hand and forearm of the other had been burned off. The coroner was telephoned and the body taken to the morgue to await possible identification. The torso was fully dressed in a dark suit.

Thousands at Burned Hotel. It was not possible for the police to venture a surmise as to the identity of the body. A crowd of morbid curiosity seekers were kept back by a squad of police. Throughout the night it had been necessary to stretch ropes around the ruins of the burned hotel to keep a crowd, which never numbered less than 1000, from intruding on the working crews which were removing the debris from the basement of the burned building.

City Commissioner Kugel took active command of the rescue work and remained on duty the entire night. Mayor Dahlman, who had taken part in the rescue work, appeared from time to time to witness the progress of the men who were digging in the ruins.

RUMOR IS NOT TRUE

Rear Admiral Fletcher Denies Target Practice Disaster Story

Washington, March 1.—Rear Admiral Fletcher, commanding the American battleship squadron off Vera Cruz, Mex., in a dispatch to the navy department today, emphatically denied published reports that one person had been killed and three injured by the explosion of a shell fired from one of the battleships during target practice yesterday.

Rear Admiral Fletcher says there is no foundation whatever for the story. He points out that the sub-caliber practice of the Georgia and Nebraska, which was made to appear responsible for the alleged accident, took place at sea, out of sight of land and more than twenty-five miles from La Pedra, where the shell was said to have exploded and added:

"The greatest care was exercised to see that no boats were in line of our sub-caliber fire or anywhere near."

He adds that the Nebraska sailed for Tampico at noon yesterday to permit the Virginia to go down to Vera Cruz to coal.

FLOWER SEEDS BEING SHIPPED

Chico, Cal., Feb. 28.—Hundreds of thousands of packages of seed, grown at the United States plant introduction garden here, were shipped today to every section of the United States and to foreign countries. Sub-tropical plants, including guavas, mangoes and jujubes were sent to the Gulf states. A wild Chinese peach, imported three years ago, was shipped to the colder sections.

FOUR MILLION NEW NICKELS IN USE

Washington, March 1.—Four million gleaming new nickels with an Indian head on the face and the figure of a buffalo on the reverse, to supplant the time honored 5 cent piece with the Goddess of Liberty as its characteristic, are piled in the vaults of the United States treasury and subtreasuries to be turned into public circulation today.

Only once in 25 years can the secretary of the treasury direct the issuance of new coins. President Wilson's secretary of the treasury will have an opportunity to change the dime, quarter and half dollar because in 1916 the present designs will have been in circulation for a quarter of a century. Some of the treasury officials now in office are in favor of changing them on the ground that they are artistic.

ANTI-TRUST SUIT FILED

Dissolution of Corn Products Refining Co. to Be Determined

New York, Mar. 1.—Dissolution of the Corn Products Refining company—an alleged starch, glucose and syrup "trust"—is sought by the federal government in a civil anti-trust suit filed here today, charging the \$80,000,000 combination with entering into conspiracies and contracts to destroy competition in violation of the Sherman law. It is alleged to have kept the price of corn products at unreasonably lower figures to harass and discourage independent manufacturers.

Controlling 66 per cent of the entire American production of starch and glucose and 80 per cent of the interstate trade in mixed syrups, the alleged trust is charged with fixing re-sale prices; with manufacturing cheap grade candy at unreasonably low prices in retaliation against confectioners who buy starch and glucose from independents; with practically suppressing the private brands of mixed syrups of grocers; by quoting low prices on its own syrups; and with unlawful threats and contracts to destroy competition.

Injunction Is Asked. Aside from a dissolution, the government asks for an injunction prohibiting the alleged restraint of trade. The suit recalls the long drawn out fight between the department of agriculture and the Corn Products Refining company over the branding of its corn syrup.

Defendants Named. The following corporations, officers and directors are named as defendants:

Corn Products Refining company (New Jersey); National Starch company (New Jersey); St. Louis Syrup and Preserving company (Missouri); Novelty Candy company (Missouri); Penick and Ford, limited (Louisiana); Edward T. Bedford, William J. Matheson, Frederick T. Bedford, A. B. Boardman, Frederick T. Fisher, C. H. Kelsey, George S. McHana, George Moffett, William P. Nichols, A. A. Smith, James Speyer, E. Bever, W. Walden, C. M. Warner, R. S. Burns and A. M. Watkins, all of New York City; Thomas P. Kingsford, Oswego, N. Y.; C. H. Lorenz and Louis Suss, St. Louis; P. A. Lohmeyer, C. W. Lohmeyer and Edward T. Bedford, second of Jersey City, N. J.; Benjamin Schneewind, Chicago and William S. Penick, Jr., and James P. Ford, New Orleans.

Attorney General Signed Bill. The bill, filed by United States Attorney Henry A. Wise, is signed by Attorney General Wickersham and James A. Fowler, Jesse C. Adkins and William H. Miller, his assistants.

It is alleged that the defendant combination dismantled many of the starch and glucose factories it absorbed, selling the properties in most instances under covenant that the land conveyed should never, or not for a long term of years, be used in connection with the manufacture of similar products.

Alleged Trust and its Predecessors are charged with having taken contracts from officers and directors of certain absorbed companies, not to engage in the business for a period of years.

Royal Had Similar Agreement. When the Royal Baking Powder company acquired control of the American Maize Production company, the defendant combination, it is alleged, threatened to engage in the making of baking powder, resulting in an agreement whereby the Maize company sold to the defendant the surplus product not consumed by the baking powder company. To suppress competition, the combination is alleged to have employed the firm of Stein, Hirsch and company in 1908 and 1909 to sell glucose at low prices, as independent manufacturers.

Candy. When the National Candy company, organized in 1906 the Clinton Sugar Refining company, whose output would come in competition with that of Corn Products Refining company, the latter, the bill says, informed candy manufacturers throughout the country that unless they bought the defendant's glucose, they needed from the defendant combination, it would go into the candy business itself in competition with them. In consequence, it is alleged the Corn Products Refining company acquired control of the Novelty Candy company to retaliate against the National Candy company purchasing glucose from independents.

Until prohibited by the interstate commerce commission, the company is alleged to have secured from railroads an excessive share of the through rates on account of its own switching lines, which was alleged to amount to rebates.

FIELDER IS GOVERNOR

Wilson Now Private Citizen—Two Years of Reform in New Jersey

Trenton, N. J., March 1.—Woodrow Wilson ceased to be governor of New Jersey today. Until next Tuesday, when he becomes president of the United States, he will be a private citizen.

Mr. Wilson filed his resignation, to take effect at noon today. He planned to be on hand to witness the ceremonies at which Senator James Fielder becomes acting governor, there being no lieutenant governor in New Jersey.

Mr. Wilson leaves the governorship of New Jersey after an activity of two years devoted chiefly to the accomplishment of a far reaching program of reform set forth in his inaugural address when he took office in January of 1911.

Most of the reforms which Mr. Wilson has advocated he has accomplished, notably the revision of the state laws governing corporations and monopolies, working men's compensation act, a radical extension of the powers of the public utilities commission, state-wide primary laws extending the system to all elective officers, including congressmen, United States senators and the governor, and a stringent corrupt practices act governing primaries and elections.

Chief Reforms. The chief reforms which Mr. Wilson proposed but did not obtain at the present session of the legislature include a bill providing for jury commissions and amendment to the primary laws known as the Wisconsin system of second-choice voting and the endorsement of the amendment for direct election of United States senators. Mr. Wilson hopes that this will be completed before the legislature adjourns.

He has announced as president of the United States he will continue to fight if necessary for the enactment of the jury commission bill, around which bitter opposition has centered. The other measures, it is believed will become law without much difficulty as the Democratic majority of the legislature in a recent conference agreed to pass them.

PLANNING JUBILEE

Gov. Tenner Appoints Men to Arrange For Gettysburg Anniversary

Philadelphia, Mar. 1.—George F. Baer, president of the Reading Railway and John P. Green, retired vice president of the Pennsylvania railway company has been appointed by Governor Tenner, members of the Pennsylvania commission to arrange for the fiftieth anniversary of the battle of Gettysburg next July. Nearly all the states north and south will participate in the jubilee.

The new members of the commission fill vacancies, one of which was caused by the resignation yesterday of General Louis Wagner because of friction in the commission. General Wagner is a past commander-in-chief of the Grand Army of the Republic. Messrs. Baer and Green are veterans of the Civil war, each having been a captain in Pennsylvania regiments.

GRAND JURY MAY QUESTION THAW

New York, Feb. 28.—District Attorney Whitman today considered the advisability of having Harry K. Thaw testify before a commission that will investigate the charges and counter charges in an alleged attempt to release him from the Matteawan state hospital for the criminal insane.

While this committee has expressed doubts of its power to compel Thaw's appearance, a grand jury would be able to question him in indictment proceedings.

The district attorney of the New York Bar association took a hand in the Thaw investigation today. Mr. Whitman said he would not act until he had time to go through the testimony before the governor's committee, a transcript of which reached him last night. The bar association will determine whether the testimony calls for an inquiry in the professional conduct of one of its members, John N. Anbut.

You seldom hear a married man say: "I never made a serious mistake in my life."
